FABRICATOR-WAREHOUSE WORKER

We are seeking a Fabricator/Warehouse Worker to join our team! As part of the warehouse team, you will be handling metal pipe to prepare for installation in the field. Using a variety of equipment in our fab shop, you will be cutting and grooving the pipe as indicated by our design department. Other warehouse duties include, but are not limited to, receiving warehouse inventory on a daily basis, updating receiving and ordering paperwork, preparing material orders for will call/delivery, and maintenance of pipe yard. Reports directly to Fab Shop/Warehouse Manager.

Responsibilities:

- Daily prioritization of fabrication lists, gathering pipe for fabrication
- Daily use of forklift and other means of transporting large items from yard to warehouse
- Preparation of material orders for delivery to field work sites
- Assisting other team members to properly and safely load/unload vehicle(s)

Qualifications:

- Negative drug test
- Safe work habits
- Ability to safely handle physical workload (50-75 lbs daily)
- Able to stand/work on concrete floor for long periods of time
- Previous fabricator/warehouse experience preferred
- Starting Salary \$17.50-20/hr; dependent upon prior experience
- Working hours: M-F, 7 am to 3:30 pm
- Benefits: 401k/medical & dental insurance/life insurance/paid time off

Come to work for an industry leader in the local area while enjoying a competitive wage and benefits package!
