

Letter from the President:

16 years ago, today we lost the founder of Delta Fire, Inc., and a titan of the fire protection industry.

Andy Cartales, my father, started Delta Fire, Inc. in 1987 after spending over twenty-five years working in the fire sprinkler trade in a multitude of positions.

Our father started this upstart company with a few simple guiding principles; assemble the most talented people and put them in positions to succeed, treat everyone with respect and dignity, and above all else, work together to build something bigger than ourselves.

These principles remain the bedrock of Delta Fire, Inc. and allow us to proudly put our name on every project.

Today we face challenges that no one could have foreseen. With these principles in mind, we are confident that we will continue to provide our clients and business partners the same level of professionalism that our father started in 1987.

Sincerely,
Steve Cartales
President, Delta Fire, Inc.
